Hi Jeff,

This email is to communicate our intent to establish emergency permitting procedures across the New England District, pursuant to the National Energy declaration in Executive Order 14156 (attached). I will be reaching out next week to discuss the specifics and whether we can utilize our existing General

Permits, or if we need to develop new procedures. I wanted to get this on your radar sooner than later. Thanks in advance for your partnership, as we navigate through this process.

Have a great weekend!
